Named National League Manager-of-the-Year in 1972, 1975 and won similar honors in the American League in 1984 after becoming one of five managers in baseball history to win pennants in both leagues (Joe McCarthy, Yogi Berra, Alvin Dark and Dick Williams are the others). Became the first manager to win a World Championship with a club in each league. Also became the first manager to win at least 100 games with a club in each league (1970, '75, '76 with Reds and 1984 with Tigers). Has .550 (563-461) percentage as a Tiger manager. HILLER, John Frederick — DETROIT
Former Pitcher — Minor Leagues

Height - 6:01 Bats - R Born - April 8, 1943 Toronto, Ont., Canada
Weight - 190 Throws - L Resides - Iron Mountain, Michigan

Pitched in Tigers' organization for his entire 15 year career. Spent part of three seasons with the parent club (1965-67). Helped 1968 Tigers to the American League pennant as he was used as a spot starter, long and short reliever. In one of his starts, struck out the first six batters in an August 6 game vs. Cleveland, which at the time, was an American League record (feat has been performed twice since then). Appeared in two games in 1968 World Series vs. St. Louis.

John suffered a heart attack in 1971 and missed that entire season. Returned to Tigers as a batting practive pitcher in June, 1972 before being placed on the active roster one month later and went on to contribute towards the Tigers winning the American East title that season. Picked up the victory in Game 4 of ALCS vs. Oakland when Tigers rallied to win in the 10th inning, 4-3.

Made perhaps the most amazing comeback in baseball history in 1973 when he established a major league record, at the time, for most saves in a season (38). Was named American League Comeback Player-of-the-Year and Fireman-of-the-Year by The Sporting News.

Was selected to play in the 1974 mid-season All-Star Game, but did not appear in the game. Set American League record that season for most wins by a relief pitcher with 17 (tied by Bill Campbell of Minnesota in 1976.)

Ended his career in 1978 with a 82-69 record and 116 saves. Has been away from baseball since he last played. Becomes the Tigers' roving minor league pitching instructor.

ABBREVIATIONS AND EXPLANATIONS

PLAYERS INCLUDED IN BOOK - All players in organization as of January 31, 1986.

MOST-USED LINEUPS - Players who played most games at each position for respective teams in 1985, pitchers who started most games for that team (St) and pitchers who appeared in most games as relievers (Rel) for that team.

POSITIONS PLAYED - Primary position for that player that season. A secondary position is listed only if player played that position in 10 or more games or half as many games as his primary position. Some players played 10 or more games at three or four positions, but only two most-played positions are listed.

MANAGERIAL/COACHING RECORDS - Tenures with other organizations are denoted by nickname of team in parentheses. Information under "Finish" refers to standing of club in league or in division (Div). When two numbers are listed, first number is finish in first half of split-season, second number is for second-half finish. "In playoffs" means team competed in post-season play. The results of post-season play are listed in games: "2G to 0" means two games to none in a best-of-three playoff. Double asterisks in manager's player record indicate he was player-manager that season; single asterisk indicates player-coach.
